Version 101210 (EN, FR, DE, IT, PT, ES, JA, ZH-CN) English, French, German, Italian,
Portuguese, Spanish, Japanese, Chinese
December 10, 2010**

Product Description

This is the Final Release of the "NB-P01 Customized CD-ROM for Windows Vista/Windows 7 64bits support". This driver is a customized version of the original NBP-01 CD-ROM, to update the Windows Vista/Windows 7 64bits drivers to the latest and signed version.

References

Engineering Group Reference: SEG-341
CSES Original R&I: n/a
CSES Document: n/a

Supported Models

- KONICA MINOLTA NB-P01

Supported Printer languages

- n/a

Supported Operating Systems

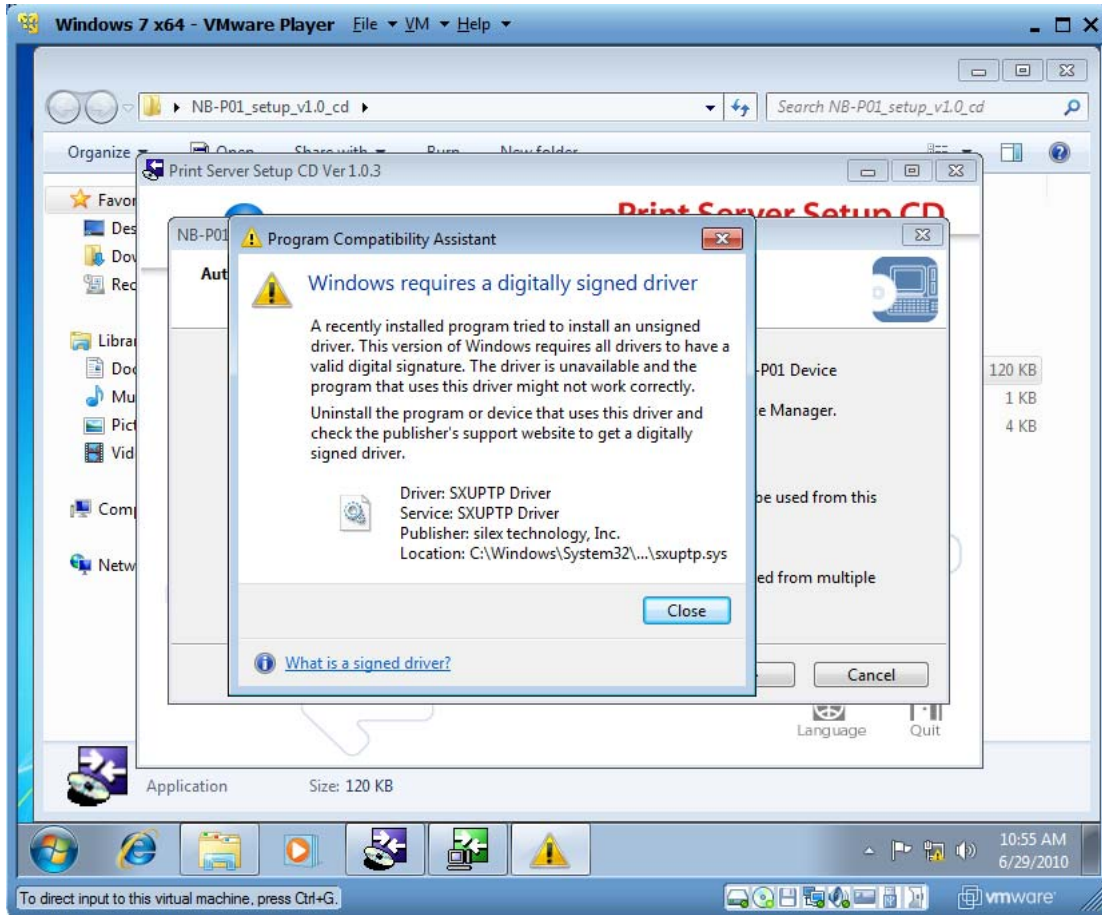

- Microsoft Windows 2000, XP, Server 2003, Vista, Server 2008, Windows 7 x86
- Microsoft Windows Server 2003, Vista, Server 2008, Windows 7, Server 2008 R2 x64

Supported Languages

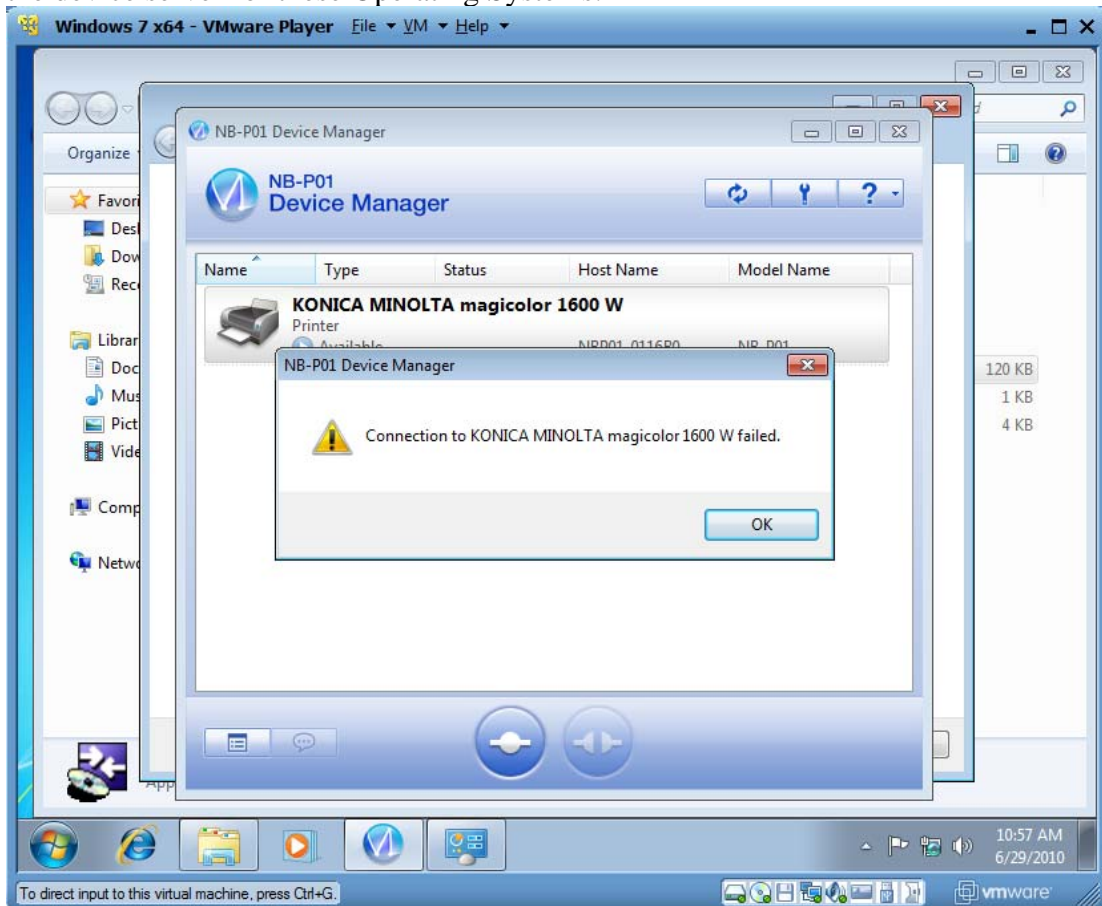

- English (EN)
- French (FR)
- German (DE)
- Italian (IT)
- Portuguese (PT)
- Spanish (ES)
- Japanese (JA)
- Chinese (ZH-CN)

Customization Points:

- Original NB-P01 CD-ROM was showing the following problem under Windows Vista or Windows 7 64bits:

- As a result, the device manager was not able to connect to the USB device which is connected to the device server for these Operating Systems:

- This Customized CD-ROM includes the latest (version 3.4.4.0 dated 12/03/2010) and signed driver from Silex for Windows Vista and Windows 7 bits, in replacement of the un-signed driver contained in \Utility\Devicemanager\Files\Sxcsapi\WinVistaX64.
- Because of this change, Customer can now install NB-P01 correctly and use it without problem under Windows Vista and Windows 7 64 bits

Notes and Limitations:

- This updated driver is showing “Silex” as Manufacturer, instead of KONICA MINOLTA, but this does not affect correct operation
